

Data Element Summary

Members are not required to complete all data elements. However, we encourage you to enter as much data as possible to get the most benefit from participating in the project.

Members can enter data directly into the website or the Excel spreadsheet that can be downloaded from the data entry page.

Form 1: Instructional Costs, FY 2012/13

Institutional level data is collected in this form for instructional employees whose salaries and benefits are paid from the instructional budget. The faculty category information should add up to the sum of all of your academic units from their Form 2s. This can be checked by going to Form 2: Academic Units, check data.

Faculty Category (Full and Part-time or Adjunct)

Salaries and Benefits

FTE Faculty

Number of For-credit Student Credit Hours

Executive, clerical and professional staff from the for-credit instructional budget.

Salaries and Benefits

FTE Staff

Non-Labor Operating Costs

Collected for instructional employees and do not include facilities and capital costs.

Form 2: Academic Units, FY 2012/13

Primary Data Contact Tasks:

1. Determine the optimum number of for-credit academic units for your institution. The organizational chart for your institution can provide direction as to the number of academic units. The goal of reporting this data by academic unit is to accurately represent the instructional activities.
2. Download the Excel file with individual sheets to distribute to academic unit leaders.
3. Pre-populate the Salaries and Benefits, FTE Full-Time Faculty, Number of For-credit Student Credit Hours for each of the academic units.
4. Distributes the Academic Unit Forms to the leaders of each of the academic units with a request to complete the percentage estimates of the instructional activities for the academic unit.
5. Assemble the responses and enter into the web data collection form or upload the Excel file.

Academic Unit Leader Tasks:

The leader of the academic unit (typically a dean) reports whole number percentage estimates for the amount of time for-credit faculty spend on the instructional activities by faculty category (full-time, part-time or adjunct) for the academic unit. The total for each faculty category should equal 100%.
