If your institution records + or - grades, include them in the letter grades with which they are associated (e.g. C+ grades would be reported with C grades).
Total A, B, C, P, D and F Grades	Enter the total number of A, B, C, P, D, and F grades (or their institutional equivalents) in credit developmental/remedial courses at the end of the fall 2015 term.
Total A, B, C and P Grades	Enter the total number of A, B, C, and P grades (or their institutional equivalents) in developmental/remedial courses at the end of the fall 2015 term.

## FORM 9: CREDIT DEVELOPMENTAL RETENTION, SUCCESS, FIRST COLLEGE-LEVEL

Use fall 2014 cohort.	
IATH	
Total A, B, C and P Grades in Fall 2014, Highest-level Developmental Courses	Enter the total number of students who received A, B, C, and P grades (or their institutional equivalents) in the highest-level, credit developmental/remedial math course at the end of the fall 2014 term.  Developmental/remedial courses are those defined by the reporting institution. Entries should include students who succeeded in developmental math courses.  Related math courses will most likely be college level mat courses.
	If your institution records + or - grades, include them in the letter grades with which they are associated (e.g. C+ grades would be reported with C grades).
Total from Row 1 Who Enrolled in Related College- level Courses	Enter the total number of students from row 1 (Total A, B, C and P Grades) who enrolled subsequently in related college-level courses.  Related math courses will most likely be college level mat courses.
Total from Row 2 Who Completed College-level Courses with ABCPD and F Grades	Enter the total number of students from row 2 (Enrolled in Related College-level Courses) who completed related college-level courses with A, B, C, D, P, and F grades (or their institutional equivalents) within one subsequent academic year, i.e., through fall 2015.
Total from Row 3 Who Completed College-level Courses with A, B,C and P Grades	Enter the total number of students from row 3 (Completed College-level Courses with A, B, C, P and D Grades) who completed related college-level courses with A, B, C, and P grades (or their institutional equivalents) within one subsequent academic year, i.e., through fall 2015.

Total A, B, C and P Grades in Fall 2014, Highest-level Developmental Courses	Enter the total number of students who received A, B, C,

	highest-level, credit developmental/remedial writing
	courses at the end of the fall 2014 term.
	Developmental/remedial courses are those defined by the
	reporting institution. Entries should include students who
	succeeded in developmental writing courses.
	Related writing courses will most likely be college level
	English composition courses.
	If your institution records + or - grades, include them in the
	letter grades with which they are associated (e.g. C+
	grades would be reported with C grades).
Total from Row 1 Who Enrolled in Related College- level Courses	Enter the total number of students from row 1 (Total A, B, C
	and P Grades) who enrolled subsequently in related
	college-level courses.
	Related writing courses will most likely be college level
	English composition courses.
Total from Row 2 Who Completed College-level	Enter the total number of students from row 2 (Enrolled in
Courses with ABCPD and F Grades	Related College-level Courses) who completed related
	college-level courses with A, B, C, D, P, and F grades (or
	their institutional equivalents) within one subsequent
	academic year, i.e., through fall 2015.
Total from Day 2 Who Completed College Land	
Total from Row 3 Who Completed College-level Courses with A, B,C and P Grades	Enter the total number of students from row 3 (Completed

Total Completers for Whom Data Are Available	Enter the total number of career program completers for whom employment data are available. Count as completers students who completed career programs and were awarded Associate's degrees or certificates. Career programs would include programs such as Automotive Technology, Interior Design, or Practical Nursing.	
Total from Row 1   Employed in Related Field	Enter the total from Row 1 (Total Completers for Whom Data Are Available) who are employed full- or part-time in a field related to their career program education. Include those in the military.  Completers who are employed in a related field and also pursuing additional education should be entered in this row only. Row 2 and Row 3 should be unduplicated.  Related Field refers to a field of work related to the program a student completed. This information is typically a self-reported item collected on a follow-up survey.	
Total from Row 1   Pursuing Education	Enter total from Row 1 (Total Completers for Whom Data Are Available) who are pursuing additional education.  Pursuing Education refers to students who continue to enroll in classes after completion of a career program. This information is typically a self-reported item collected on a follow-up survey.	
LOYER SATISFACTION		
Total Responding Employers	Enter the total number of responding employers.	
Number of Employers Satisfied with Completers' Overall Preparation	Enter the total number of employers from row 1 (Total Responding Employers) who indicated satisfaction with completers' overall preparation.  Satisfied with Overall Preparation reflects percentages of	
	employers that indicated positive, as opposed to neutral or negative, responses. For example, an institution using a "Not At All Satisfied", "Not Very Satisfied", "Neutral", "Somewhat Satisfied", or "Very Satisfied" scale should	

report the percent of employers that selected "Somewhat

Satisfied" or "Very Satisfied".

ORM 21: FINANCIAL INFORMATI	ON Show all data definit ▼
Institution expenses, revenue and revenue sources, financial ratio	os and the composite financial indicator (CFI) are included in this form. Use FY 2016 data.
STITUTION EXPENSES	
Total Institution Expenses §	The outflow or other using up of assets or liabilities from delivering or producing goods, providing services or carrying out activities that constitute the institution's ongoing central operations or in generating revenues. The costs of goods and services used to produce the educational services provided by the institution.
STITUTION REVENUES	
Unrestricted Operating Revenue* \$	Use fiscal year 2016 data.  Unrestricted Operating Revenue is defined by the National Association of College and University Business Officers (NACUBO) as "resources received that have no limitations or stipulations placed on them by external agencies or donors."
Restricted Operating Revenue \$	Revenue that is earmarked for a specific purpose. For example, revenue from donors that have imposed restrictions on the use of the funds. Creditors or legislation may also impose restrictions on the use of some funds.

\$ From Tuition & Fees	S	Report all tuition & fees (including student activity fees) revenues received from students for education purposes. Include revenues for tuition and fees net of discounts & allowances from institutional and governmental scholarships, waivers, etc. (report gross revenues minus discounts and allowances). Include here those tuition and fees that are remitted to the state as an offset to state appropriations. (Charges for room, board, and other services rendered by auxiliary enterprises are not reported here.)
\$ From Local Sources	\$	Revenues from local governmental agencies, including those for specific program or research projects.
\$ Funds From State	\$	Revenues from state governmental agencies, including revenues based on performance funding.
\$ From Private Grants & Contracts		Revenues from nongovernmental agencies and organizations that are for specific research projects or other types of programs and that are classified as operating revenues.
\$ From Sales & Services	\$	Revenues generated by auxiliary enterprises that exist to furnish a service to students, faculty, or staff, and that charge a fee that is directly related to the cost of the service. Examples are residence halls, food services, student health services, intercollegiate athletics, college unions, college stores, and movie theaters
\$ From Other Sources	S	All other sources of revenue. Revenues from federal governmental agencies that are for specific research projects or other types of programs and that are classified as operating revenues. If you are unable to break out some of the revenue sources you can include the sources you know (such as tuition and fees and state support) and then put the balance of your revenues here. Do not include Pell grants or other federal student aid here.

NANCIAL RATIOS	
Primary Reserve Ratio	Primary reserve ratio is expendable net assets divided by total expenses. This ratio indicates the amount of time during which an institution could pay its expenses or function using reserves.
Net Operating Revenue Ratio	Net operating revenue ratio is the change in unrestricted operating net assets divided by total unrestricted revenues. It indicates the institution's financial performance as a result of the year's activity. It indicates if a college is covering its annual operating expenses or is dipping into its reserves.
Return on Net Assets Ratio	Calculated by taking the change (plus or minus) in Total Net Assets from the beginning of the FY year. Divide that by the value of the Total Net Assets at the beginning of the fiscal year. The ratio furnishes a broad measure of the change in an institution's total wealth over a single year and is based on the level and change in total net assets. Thus, the ratio provides the most comprehensive measure of the growth or decline in total wealth of an institution over a specific period of time.
Viability Ratio	Calculated by taking expendable net assets divided by long-term debt. This ratio measures one of the most basic determinants of clear financial health: the availability of expendable net assets to cover debt should the institution need to settle its obligations as of the balance sheet date.
Composite Financial Indicator	This indicator was developed in Strategic Financial Analysis for Higher Education: Identifying, Measuring & Reporting Financial Risks (Seventh Edition), by KPMG LLP; Prager, Sealy & Co., LLC; Attain LLC.
